6-----	9

4-----	6
3-----	5
2-----	3

- The number of officials for finals will be 3 per mat when an assistant referee is used or 2 per mat when there is no assistant official.
- Payment will be based on number of officials required per formula, regardless of number of officials assigned.
- In hourly paid tournaments, mat reduction will allow for adjustment to the number of officials to be paid from that point on.
- Once a mat is closed and officials are sent home, that mat will remain closed. If it becomes necessary to re-open a mat(s), the remaining officials will be paid according to the formula for the remainder of the tournament.
